

State of Utah
**WATER OPERATOR CERTIFICATE
 CONVERSION APPLICATION
 (WATER OPERATOR TO WATER SPECIALIST)**

A water specialist is a person who has successfully passed the written certification exam and meets the required experience, but who is not in direct employment with a Utah public drinking water system.

If you are no longer employed by a Utah public drinking water system but would like your certification to remain active, you may convert your current water operator certificate to a "water specialist" certificate. Note: Grandparent-certified operators are not eligible to convert to water specialist status.

The conversion fee of \$20.00 must be paid at time of renewal. Make check or money order payable to the "Division of Drinking Water, or pay with a credit card online at drinkingwater.utah.gov (shopping cart).

Please fill out this application completely and email or mail your application along with a copy of your receipt to: Division of Drinking Water (address below).

Utah operator certification number: _____

Last Name: _____ First Name: _____ Middle Name: _____

Current Utah operator certificate(s):
