

**DRINKING WATER BOARD**  
**BOARD PACKET FOR CONSTRUCTION LOAN**

**APPLICANT'S REQUEST**

On November 13, 2015, Piute County Special Service District on behalf of Greenwich Water Association was authorized \$130,000 in financial assistance to construct a new chlorination building.

Piute County Special Service District has requested Greenwich Water Association pursue the funding for their chlorination building on their own as they no longer have the funds necessary to support the project, based on a reduced budget.

**FINANCIAL ASSISTANCE COMMITTEE RECOMMENDATION:**

**The Drinking Water Board de-authorize a \$130,000 construction loan to Piute County Special Service District on behalf of Greenwich Water Association with 3.26% interest or fee per annum, for 30 years, with \$26,000 in grant.**
