Subject: 2008 Lehi Class IVb Landfill Inspection

Dear Mr. Anderson:

On October 8, 2008 the Lehi Class IVb Landfill was inspected by Matt Sullivan of the Division of Solid and Hazardous Waste. We appreciate the assistance of Mr. Ken Monson during the site inspection.

Based on the inspection, the landfill appears to be in compliance with the rules and the permit. The landfill was well-operated, and the perimeter was well-secured and fenced. Contents of the waste material at the landfill were primarily concrete, tree stumps, pipes, soil surface grubbing, asphalt, and wood. Later this year, our staff will contact you to schedule a time to come and complete the records review of your training and self-inspection reports that were unavailable during the inspection.

We encourage you to continue your good effort and pass on our commendation to your staff who conduct the operations at the landfill. Should you have questions or need further information, please contact Matt Sullivan or Ralph Bohn at 801-538-6170.

Sincerely,

Original Document signed by Dennis R. Downs on 10/29/08

Dennis R. Downs, Executive Secretary
Utah Solid and Hazardous Waste Control Board
